Tēnā koe

I understand that The Brook Kindergarten has received a confirmed Education Review Office report that indicates a four year review cycle.

The criteria for achieving a four year review is very demanding and only 7% of early childhood services successfully do so. That you have achieved this indicates a high level of confidence in your centre's consistent and effective promotion of children's wellbeing and learning. The review highlights a number of the strengths of your service. It specifically mentions the effectiveness of your practice in Te reo and tikanga Māori, describing it as 'well integrated into the programme'. Your effective practices are confirmed further by the comments in the review regarding your relationships with families and your commitment to indentifying learning for each child.

It takes considerable hard work, energy and commitment to achieve a result like this. The outcome confirms a service that is committed to the learning and well being of the local Nelson community and for this I congratulate you, the kindergarten association and your staff.

Nāku noa nā

Erika Ross
Director of Education
